

## **President's Report – Ohio Association Annual Meeting 2016 Orlando, Florida**

For the past 4 years the women of USATF have been meeting to organize and create an IAAF Women's Commission within USATF.

This year we have completed our mission statement, created goals to work toward over the next few years and will be assigning our women different positions within the committee.

We were able to sign up for consideration for the following:

1. The Executive Committee
2. Awards
3. Grants

We also want to inspire women reach out for better and more exciting opportunities during the next year.

We will be meeting again at the Outdoor Championship in Sacramento and then again at our annual meeting to be held in Columbus, Ohio in 2017.

We want to encourage all of our women's delegates to attend our meeting in 2017 and see what we are all about.

Karen Krsak  
President, Ohio Association
