

## 2014 MTF Treasurer's Report

By Carroll DeWeese

USATF MTF Treasurer

In 2014, USATF Accounting staff had a complete turnover of personnel, including having two different Chief Financial Officers. The result has been a steep learning curve for the department with delays in payments, reimbursements, and keeping MTF up-to-date on accounting matters. As a result, I cannot provide a complete, up-to-date status of where MTF Accounting stands at this time. I will work with USATF Accounting to get full agreement between USATF and MTF on all accounting matters for the close of the financial year.

Despite the challenges, MTF is strong financially. I expect that MTF will have its own financial reserves of well over \$45,000 going into 2015. In 2014, USATF provided MTF with \$83,500 of funding. MTF generated \$50,550 of surcharge revenue and an additional \$2,800 of contributions. MTF total revenue in 2014 was \$136,850. Assuming that USATF funds MTF at least as much in 2015 as it did in 2014, then the proposed 2015 MTF budget is feasible and sound. Even if every dollar of the proposed budget is spent, MTF should have enough financial reserves to cover any funding deficits.

MTF has been working with USATF to get additional funding from USATF. If USATF chooses to significantly increase MTF funding, then the proposed 2015 MTF Budget could be additionally increased in its outreach areas (e.g., regions, marketing, media, etc.). I propose that MTF adopt the proposed budget subject to the MTF Executive Committee being able to approve an updated budget with additional funding for any specific areas provided USATF provides a significant funding increase to MTF.

**GARY SNYDER**  
**CHAIR, MASTERS TRACK AND FIELD COMMITTEE**  
**2014 USATF MASTERS TRACK & FIELD**  
**DAVID PAIN SERVICE AWARD**

*Gary was elected National Chair of USATF Masters Track & Field in 2006 and has been instrumental in bringing several new programs to improve our National Meets. They include the selection of a timing company by the Games Committee to avoid timing problems, the introduction of drug testing to clean up MTF competition and provide a safe environment, supported production of the Masters Forever Fast video and launched the successful Media Committee, improved the experience at world meets by arranging for a USA team hotel and a USA team masseuse, and most recently established a first time to Nationals scholarship program for athletes. Gary presided over eight USATF Annual Meeting, sixteen USA Indoor or Outdoor Championships and led eight USA International teams.*

*Gary served four years as President of USATF's New England Association - elected in 2002 and re-elected in 2004, serving the maximum of two consecutive two-year terms. As you probably know, New England is one of the largest and most successful associations and certainly a leader in promoting and supporting Masters Track & Field. During his tenure, the association hosted three USA Masters Indoor Championships in Boston. Gary strongly supported the enlistment of Bob Weiner as a media publicist for a National Championship and have continued to encourage the mission of media enhancement for Masters. Prior to election as the New England Association president, Gary served as President of the Greater Boston Track Club (GBTC) for five years, served continuously on GBTC's Board of Directors from 1997 through 2010.*
